

## Cover letter

Dear HahuCloud Human resource manager

I am writing to express my interest in the Backend Engineer internship at HahuCloud, and I am eager to contribute my skills in JavaScript, Node.js, Express.js, Python, Django, RESTful API, and API projects to your dynamic team.

As a dedicated student currently pursuing a Software Engineering at Jimma University, I have independently developed and deployed projects like 5Gada, HayuBK, and Ju Exam Store. These personal projects demonstrate my practical expertise in backend development, showcasing my ability to create meaningful solutions outside of formal education.

I am impressed by HahuCloud's commitment to innovation, and I am excited about the opportunity to contribute to your team's success. As a self-driven individual with a passion for backend development, I am eager to apply my real-world experiences to the challenges at HahuCloud.

I am available for an interview any time. Thank you for considering my application. I look forward to discussing how my skills and project experiences align with the goals of HahuCloud.

Sincerely,

# TOKUMA ABDISA

MERN Stack developer

Addis Ababa

Subject: **Requesting Internship Placement for Year IV Software Engineering Students**

At the onset we would like to forward our heartfelt gratitude for the cooperation rendered in the past and your future willingness to involve in this practice oriented engineering education program. On Job Training (OJT) or internship program is the best option available for the practice oriented engineering program to educate students, identify the company problems, involve professors in company need based researches and make use of the experts in the company.

In Jimma Institute of Technology (JiT), the training program is scheduled during the second semester of every academic year, starting from **Middle of February 2024G.C.** and the students will stay for **four months** under the supervision of your reputed company.

Therefore, we ask your good office to accept our students and give confirmation as in the following table. Please put your signature & company stamp for official acceptance confirmation.

S.N.	Students Name	ID No
1	<u>Takuma Abdisa Goro</u>	<u>KU2460113</u>
2		
3
